

## Acknowledgements

This revised and expanded edition of the *Comprehensive Guidelines on Prevention and Control of Dengue and Dengue Haemorrhagic Fever* was initially drafted by Mr Nand L. Kalra, independent expert on dengue prevention and control. An in-house appraisal of the draft document was done by Dr A.B. Joshi, Dr A.P. Dash, Mr Alex Hilderbrand, Dr Busaba Sawguanprasitt, Dr Chusak Prasittisuk, Dr Ferdinand Laihad, Dr Jai P. Narain, Dr Madhu Ghimire, Dr Nalini Ramamurthy, Dr Nihal Abeyasinghe, Dr Ong-arj Viputsiri, Dr Oratai Rauyajin, Dr Sudhansh Malhotra, Dr Suvajee Good, Dr Suzanne Westman, and others.

Subsequently, the draft document was critically reviewed at a peer review workshop held in Bangkok, Thailand, chaired by Dr Satish Apppoo, Director, Environmental Health, National Environment Agency, Singapore. The peer reviewers, including Dr Suchitra Nimmanitya, Dr Siripen Kalayanarooj, Dr Anon Srikiatkhachorn and Dr Suwit Thamapalo of Thailand; Dr Lucy Chai See Lum of Malaysia; Dr K.N. Tewari, Dr S.L. Hoti, Dr Kalpana Baruah, Mr N.L. Kalra and Dr Shampa Nag of India; Mr T. Chawalit from the WHO Country Office in Thailand; Dr Raman Velayudhan (WHO HQ/NTD), Dr Chang Moh Seng from the WHO Regional Office for the Western Pacific; Dr Chusak Prasittisuk, Dr Rajesh Bhatia, Dr Suvajee Good, Dr Shalini Pooransingh and Dr Busaba Sangwanprasitt from the WHO Regional Office for South-East Asia; and Dr D. J. Gubler (USA/Singapore) provided valuable inputs to and suggestions for the draft document.

Revision and incorporation of comments of peer reviewers was performed by Mr Nand Lal Kalra and Dr Shampa Nag. Technical scrutiny of the final draft was undertaken by Dr Anon Srikiatkhachorn, Dr Busaba Sangwanprasitt, Dr Chusak Prasittisuk, Mr Nand Lal Kalra, Dr Shampa Nag, Prof. Siripen Kalayanarooj and Prof. Suchitra Nimmanitya.

The chapters on “Clinical Manifestations and Diagnosis” and “Clinical Management of Dengue/ Dengue Haemorrhagic Fever” included in the *Comprehensive Guidelines* were reviewed yet again during a consultative meeting on dengue case classification and case management held in Bangkok, Thailand, in October 2010. The reviewers included Prof. Emran Bin Yunnus from Bangladesh; Dr Duch Moniboth from Cambodia; Dr Juzi Deliana and Dr Djatnika Setiabudi from Indonesia; Dr Khampe Phongsavarh from the Lao People’s Democratic Republic; Prof. Lucy Lum Chai See from Malaysia; Dr Talitha Lea V. Lacuesta and Dr Edna A. Miranda from the Philippines; Dr Lak Kumar Fernando from Sri Lanka; and Prof. Suchitra Nimmanitya, Dr Wichai Satimai, Prof. Siripen Kalyanarooj, Prof. Sayomporn Sirinavin, Prof. Kulkanya Chokpaibulkit, Prof. Saitorn Likitnukool, Prof. Mukda Vandveeravong, Dr Anon Sirikiatkhachorn, Dr Suchart Hongsiriwan, Dr Valaikanya Plasai, Dr. Pra-On Supradish, Queen Sirikit ‘s National Institute of Child Health – Bangkok.

The final editing was done by Dr Chusak Prasittisuk, Dr N.L. Kalra and Dr A.P. Dash. The contributions of all reviewers are gratefully acknowledged.
