Places visited

Dates

Denpasar, Indonesia	19 September to 9 October 2000
---------------------	--------------------------------

Purpose/Objective of the visit:

To attend the workshop on Evidence for Health Policy: Burden of Disease, Cost –effectiveness and Health Systems. Brochure for the Workshop is attached.

Brief account of activities undertaken:

- Attended the whole period of the workshop i.e., Burden of Disease, 1st week, Cost-effectiveness, 2nd week and Health Systems, 3rd week.
- The concept, principle and method of calculating health systems performance assessment used in WHR 2000 were discussed and explained during the workshop.

Recommendations/Observations/Findings:

- The topics discussed and presented during the workshop were of great value in conducting health systems performance assessment in the Member States.
