

Regional Consultation on Malaria Control and Malaria Elimination, Orissa, India, 11 – 14 October 2011

General objectives

To further strengthen Malaria Control Programmes in South-East Asia Region towards achieving malaria related MDGs by 2015.

Specific objectives

1. To review the progress, key challenges and the lessons learned in the implementation of the Revised Malaria Control Strategy in SEAR 2006-2010.
2. To provide technical updates in malaria control and malaria elimination.
3. To develop consensus on the Regional Strategy for Malaria Control and Malaria Elimination, 2011 - 2015.
