

## WHO/SEARO Airline Safety Chart – February 2012

WHO will establish and maintain documented procedures for the categorization of commercial airlines based on the resultant total score. The four categories from "A" to "D" are given as under:

Total Score	Category	
> =6.25	A	Use without restriction
4.0 - 6.24	B	Use if operationally essential and a Category A carrier is not available within a reasonable time frame.
1.0 - 3.99	C	<b>Not to be used without approval of the Manager authorizing travel after taking in to account the advice of WHO's Aviation Safety Focal Point (ASFP)</b>
< =0.99	D	<b>Not to be used without an audit having been completed. In exceptional circumstances the Director-General or Regional Director in consultation with the ASFP and the Security Focal Point may grant approval.</b>
