Good sources and resources are critical to understanding and reporting on road safety. Facts and data can add depth and credibility to stories. The following list of resources includes reports, technical publications and the websites of road safety organizations. It is not a comprehensive list, but it might help reporters to find the right resources and sources for a variety of angles.

**BY PUBLICATION**
- Global status report on road safety (GSRRS), 2015 (WHO)
- World report on road traffic injury prevention, 2004 (WHO)
- World Health Statistics, 2014 (Global Health Observatory, WHO)
- Annual report of the International Road Traffic and Accident Database (IRTAD), 2013 (OECD)
- World road statistic report, 2014 (International Road Federation)

**BY TOPIC**

**Cost of road crashes and road safety measures**
- Cost–benefit analysis of road safety measures (SWOV)
- Crash costing (International Road Assessment Programme)
- Road crash cost (fact sheet, SWOV)
- Road safety annual report (International Road Traffic and Accident Database)

**Data on fatalities and injuries due to road traffic crashes**

- **Global data**
  - Comparison of road traffic deaths with those from others diseases (Global Health Observatory, WHO)
  - Injury accidents per 100 million vehicle–km (International Road Federation)
  - International Road Traffic and Accident Database (OECD)
  - Methodology for data collection, Global status report on road safety, 2015 (WHO)
  - Road traffic fatalities per 100 000 population (WHO)
  - Road traffic fatalities per 10 000 vehicles (OECD)
  - Statistical annexes, World report on road traffic injury prevention, 2004 (WHO)
  - Underreporting (OECD)

- **Regional data**
  - Mortality in Africa: The Share of Road Traffic Fatalities (African Development Bank)
  - Eurostat, database of European statistics (EU)
  - Inter-American Development Bank

- **National data**
  - Country profiles (Global status report on road safety, 2013, WHO)
International organizations working in the field of road safety

- Amend
- Bloomberg Philanthropies
- Centers for Disease Control and Prevention: motor vehicle safety
- Embarq
- European Federation of Road Traffic Victims
- FIA Foundation
- Global Alliance of Nongovernmental Organizations for Road Safety
- Global Road Safety Partnership
- International Road Federation
- Road Traffic Injuries Research Network
- Safe Kids
- SWOV Institute for Road Safety Research
- Transport Research Board of the National Academies, Transport Research International Documentation database
- United Nations Road Safety Collaboration
- WHO
- World Bank
- YOURS: Youth for Road Safety

Maps, visuals and audiovisuals

- Infographics (WHO)
- Global Health Observatory (WHO)
- Online library of road safety mass media campaigns (WHO)
- Mr Pedestrian, poster series (WHO)
- Death on the roads (WHO)
- Road marks, poster series (WHO)
- Too late, poster series (WHO)

Projects and initiatives

- Bloomberg Philanthropies global road safety programme in nine countries
- Decade of Action for Road Safety 2011–2020
- Global plan for the Decade of Action for Road Safety 2011–2020
- Make roads safe: the campaign for global road safety
- More on: Brazil, Cambodia, China, India, Kenya, Mexico, Russian Federation, Turkey, Viet Nam
- World day of remembrance for road traffic victims (third Sunday of November)

- Environment and air quality
- Spinal cord injuries
- Youth

Road safety facts and good practice manuals

- 10 facts on global road safety (WHO)
- Crash types (International Road Assessment Programme)
- Distracted driving (report, WHO)
- Drinking and driving (manual, WHO and partners)
- Fact sheets on a wide range of road safety-related topics (SWOV)
- Helmets (manual, WHO and partners)
- Road safety fact sheet (WHO)
- Risk factors: fact sheets with main scientific evidence on five key risk factors (WHO)
- Risk factors: infographics (WHO)
- Seat-belts and child restraints (manual, WHO and partners)
- Seat belts, airbags and child protection devices (fact sheet, Netherlands Institute for Road Safety Research, SWOV)
- Speed management (manual, WHO and partners)
- Strengthening road safety legislation (manual, WHO)
- The vision zero initiative (Sweden)
- The safe system approach (OECD)
- Use of the mobile phone while driving (fact sheet, SWOV)
- Visibility (fact sheet, WHO)

Road users

- Bycyclists (International Road Assessment Programme) and Bicycle helmets (fact sheet, SWOV)
- Children going to school (Amend, Africa)
- Children safety (Safe Kids)
- Child protection devices (fact sheet, SWOV)
- Enforcement (toolkit, International Road Assessment Programme)
- Fact sheets on other road users, such as seniors (fact sheets, SWOV)
- First United Nations global road safety week: youth and road safety (April 2007)

- Heavy vehicles (International Road Assessment Programme)
- Make walking safe (overview, WHO)
- Motorbike users (International Road Assessment Programme)
- Online library of road safety mass media campaigns (WHO)
- Pedestrians (International Road Assessment Programme)
- Pedestrian safety (manual, WHO and partners)
- Pedestrian safety (SWOV)
- Public transport vehicles (International Road Assessment Programme)
- Second United Nations global road safety week: pedestrian safety (May 2013)
- Strengthening road safety legislation (manual, WHO)
- Youth (fact sheet, WHO)
- Youth and road safety (report, WHO)

Safer roads

- International Road Federation
- Mobility (SWOV)
- Safer Roads (International Road Assessment Programme)
- Safer Roads (Global Road Safety Partnership)
- Sustainable transport (Embarq)
- Trauma care (WHO)

Safer vehicles

- Asean New Car Assessment Programme
- Euro New Car Assessment Programme
- Latin New Car Assessment Programme
- Safer vehicles (Global New Car Assessment Programme)
- Safer vehicles and roads ( GSRRS 2015, WHO)
- World road statistics report, 2014 (International Road Federation, see table of contents)
